BREANNA STEWARD
WEB DEVELOPER

SUMMARY

Motivated and detail-oriented professional transitioning from a career in customer-driven administration to web development. Completed an intensive web development boot camp with CareerFoundry, gaining hands-on experience as a full stack web developer. As a result of my coursework, I have built responsive web applications that have made elements and data engaging to users. Eager to bring a unique perspective and a strong work ethic to a dynamic development team.

PROJECTS

CAREERFOUNDRY (EDUCATIONAL INSTITUTION - STUDENT)
October 2022 - August 2025

- Developed web application using HTML, CSS, and JavaScript that pulls data from a public API to give the user an interface with real-time Pokémon data.
- Created REST API with Node.js + Express that allows for movie information to be accessed with titles, directors, genres, and summaries. Built server-side application in REACT making it easy for the user to access the MongoDB database for discovering their favorite movies.
- Constructed serverless, progressive web application with REACT using test driven development (TDD) for a user to find events going on around in their given city. Added a graphical element with D3 to make it more approachable and easier to visualize.
- Set up a messaging app in REACT NATIVE allowing users to have a chat screen, share images, and send locations enabling users to stay connected from anywhere.
- Architected a server-side Angular application with TypeScript and Angular Material, integrating a prebuilt REST API and movie database to deliver a dynamic, user-centric movie platform that drives repeat engagement.
- Built and deployed a full-stack recipe application using Python and Django, featuring user authentication, ingredient-based search, and difficulty analytics, and hosted the project on Microsoft Azure.

PROFESSIONAL EXPERIENCE

PROVIDENCE MEDICAL GROUP, SW PEDIATRICS

Patient Service Specialist
Feb 2018 - June 2025

- Supported patients and families in achieving healthcare goals by scheduling appointments, managing patient records, and triaging care requests to ensure timely and goal-aligned care.
- Maintained up-to-date and accurate electronic health records (EHRs) by reviewing and updating patient charts, improving clinical efficiency and provider decision-making.
- Coordinated care with physicians, specialists, and external providers to streamline communication and ensure continuity of care across services.
- Managed an early literacy book program, promoting cognitive development by preparing the distribution of age-appropriate reading materials to pediatric patients during visits.

SURFING THE NATIONS (NONPROFIT)

Internship Education Coordinator | International Program Director
2014 - 2017

- Coordinated international travel logistics for volunteer teams, collaborating with travel agents to book flights and ensure smooth, cost-effective travel arrangements.
- Managed a profit and loss spreadsheet to track budgets for international programs and a nonprofit-affiliated coffee shop, ensuring informed decision-making.
- Supervised and mentored a staff member, providing guidance and accountability to support performance and professional development.
- Planned and led outreach trips to neighboring islands, creating service opportunities that fostered cultural engagement and community impact.
- Mentored students and managed intern schedules, offering transformational experiences through structured service, reflection, and leadership development.
- Monitored student task completion and academic progress, grading papers and providing support to maintain academic accountability.
